Paper Crafts will teach students an assortment of paper techniques that will be used to create colorful and expressive art. Students will be encouraged to explore their creativity while learning how to cut, paste, and design. Techniques learned in Paper Crafts will be useful in creating school presentations and assignments.

All materials will be provided. Students will be asked to bring in personally significant images as a way of personalizing some projects.

Students will be enrolled on a first response basis. For more information please contact Ms. Chanter at [julie.chanter@ousd.k12.ca.us](mailto:julie.chanter@ousd.k12.ca.us) or drop by Portable F after school.
